I know!!

Here is the file. I was thinking about doing a "find and replace" for the "%20" in the filename and change it to a space. Thoughts?

Ok, did you finish wellsite evaluations? The last one I have only has the private water supply folder.  
Good luck tomorrow-

Actually, the last file I sent you was the latest one. I had an appointment I had to go to and then I was notified by Rupert to start packing and prepare for mobilization tomorrow.  
Thanks,

Hi Suddha-

When you get done for the day can you post your excel file to the ftp site in the Dimock File Review folder? I'm going to combine things tonight if I get a chance.

Thanks-
